## Our History

*E*volving from a small vending business begun in 1958 in a residence, servicing six candy and cigarette machines, to present day operation, Davians Banquet & Conference Center is one of the area's most attractive sites. We offer our clients a distinguished atmosphere to host weddings, anniversaries, corporate and association events, fundraisers and a variety of social functions. The corporation, consisting of D & S Food Services, Inc., Catering By Davians, Davians Banquet & Conference Center, Designs By Davians, D & S Office Coffee Services continues to enjoy sustained growth and offer exceptional service to our patrons. Consistent quality and impeccable service are the cornerstones of our reputation.

*F*ollowing the addition of a garage/warehouse at the original site in 1962, our expansion required successive moves into larger quarters. First, in 1969, and again in 1973, before the major move in November, 1990, establishing our state-of-the-art 9,000 square-foot banquet and conference center in part of the 45,000 square-foot corporate building located at 16300 West Silver Spring Drive in Menomonee Falls.

*T*ogether with the anticipated growth of the food service vending machine business, D & S Food Services found it a natural progression to diversify into allied fields. This includes servicing corporate cafeterias, catering services for special events on client premises and office coffee service.

*F*ounders, David and Vivian Kwarciany (the derivation of the "Davians" name) are proud to have four of their six children grow up with the business and advance into integral rolls in the day-to-day operations. The Kwarciany's feel strongly that the major reason the firm has experienced its continued growth and success is due to the persistent efforts and dedication of their employees.

*A*s Davians Banquet & Conference Center and D & S Food Services, Inc. progress through the millennium, we will continue our diligent effort to provide our clients with the quality and performance we have maintained in the past. We will investigate new trends, tastes and techniques that will enhance our food service capabilities. We will continue to offer the highest quality and professional service possible.
